## What

Register now for the 2010 ASID Student Design Competition at Day with Designers! 2nd, 3rd year and above students are eligible to sign up for this event. Get hands-on experience by working on an interior design project. The difference is that during the competition you will be working in teams instead of by your self.

It will be a really fun day filled with creativity, competition and food!

The projects will be judged by the following professionals; Robert Wright, FASID, Regina Kurtz, ASID and Phyllis Van Doren, Senior Editor, San Diego Home Garden Lifestyles Magazine and the winning team will receive awards.

PLEASE sign up no later than February 12th (and try to do so ASAP)

This event is FREE and is open to non ASID members as well!

This is a great way to practice your skills you have and a chance to learn new ones from others. Each team will be designing by hand using drafting skills for space planning , as well a drawing skills to exhibit their design. We will be creating the teams in advance made up of students from each school so the teams will have equal skills and knowledge. You will receive the design challenge and meet your teammates the morning of the event.

Please register by Friday, Feb 12th by emailing Nina Punzi at [npunzi.srb09@gmail.com](mailto:npunzi.srb09@gmail.com)  
Please include your name, school and year or skill level.
